

Amendments to the Drawings:

The drawing sheet attached in connection with the above-identified application containing Figure 1 is being presented as a new formal drawing sheet. Figure 1 has been amended to add an arrow S_b to the drawing as per page 10, line 38, of the specification. An annotated drawing sheet showing the amendment is also attached.

REMARKS

This amendment is being filed with payment of the issue fee and in response to the objections to the drawings in the Notice of Allowance issued on July 14, 2009.

Two objections to the drawings appear in the Notice of Allowability (see pages 3-4).

Regarding the first objection to the drawings, Applicants have amended Figure 1 to add an arrow S_b to the drawing as per page 10, line 38, of the specification.

Regarding the second objection to the drawings, during a phone call with undersigned Applicants' Representative Rouget F. Henschel, Examiner Wilson agreed that the drawing objection regarding evacuation sleeve (122) would be withdrawn because Figures 10 and 11 show evacuation sleeve (122).

Accordingly, Applicants submit that the objections to the drawings have been fully resolved.

It is believed that no fees are due in connection with this Rule 312 amendment. In the event this is not correct, the undersigned authorizes the Commissioner to charge Deposit Account No. 19-0741.

Respectfully submitted,
